# WORK EXPERIENCE

### IT SUPPORT SPECIALIST
*VT Housing Finance Agency, Burlington*          *Apr. 2021 – Present*

- ▸ Deployed Zammad help desk and transitioned agency to use Bitwarden password manager.
- ▸ Contributed to the Justice, Equity, Diversity, and Inclusion team driving agency values and internal demographics survey.
- ▸ Provided documentation for setting up a website local testing environment via WSL2, Docker, and ddev.

### DATA SCIENCE ASSOCIATE
*Edge Technology Group, Remote*          *Oct. 2019 – Apr. 2021*

- ▸ Feature engineered time-series data with scikit-learn and Pandas to accommodate forecasting algorithms.
- ▸ Engineered various TensorFlow models in Python exploring potential solutions for internal optimizations.
- ▸ Created Flask application with API to help staff utilize development models.

### BACK END DEVELOPER
*L.C.D.I., Burlington, VT*          *Sep. 2017 – Dec. 2018*

- ▸ Debugged over 100 issues with a teammate coordinating via Trello.
- ▸ Wrote markdown documentation and regularly pushed changes to private GitHub repo.
- ▸ Utilized LAMP stack and Laravel framework in both development and production environments.
- ▸ Implemented note-taking features through the use of AJAX.

### WEB DEVELOPER
*Pinemark Studio, Burlington, VT*          *Nov. 2021 – Present*

- ▸ Engineered MySQL database from scratch.
- ▸ Developed web application vtsuper.org using Laravel.
- ▸ Managed project through GitHub's Projects board.

# RECENT PROJECT

### VERMONT RACIAL JUSTICE ALLIANCE

- ▸ Gathered racially disaggregated data in efforts to make a Data Dashboard for the alliance with Tableau embeds. (vtracialjusticealliance.org/data)
- ▸ Completely reworked vtracialjusticealliance.org with Elementor and a new WordPress theme.
